

## **Wide Format Operator**

We like to say O'Neil Printing is the “oldest start-up” in Arizona. A long-standing iconic brand with 116 years of resilience, O'Neil started as a commercial printer and has transformed to a tech leaning company with print solutions expertise. As an employee-owned company (ESOP) our blueprint for success is rooted in our people, our technology and automation, our innovative solutions, and our commitment to the broader community. While dynamic print, large format signage, and marketing solutions occupy our day-to-day, it is really our promise to serve a greater purpose, create a connection with our customers and become part of their brand story that inspires and motivates the work we produce each day.

### ***Position Summary***

As a wide format operator, you will play a critical role in our production process, responsible for operating and maintaining various printing and finishing equipment to ensure the efficient and accurate completion of print finishing tasks. The ideal candidate will have a keen eye for detail, strong mechanical aptitude, and a commitment to producing top-notch work in a fast-paced environment. This position reports to the production manager.

### ***Role & Responsibilities***

- Set up, calibrate, and operate advanced printing and finishing equipment, including Fuji Acuity, HP570, and Zund flatbed cutting systems, to meet production specifications.
- Continuously monitor production processes, ensuring adherence to quality standards, and perform adjustments to maintain consistency and precision.
- Conduct routine maintenance and timely troubleshooting of machinery to minimize downtime and maintain optimal equipment performance.
- Inspect finished products for defects and inconsistencies, making necessary adjustments to maintain quality standards
- Collaborate proactively with team members to prioritize and execute tasks efficiently, ensuring all production deadlines are met.
- Maintain a clean, well-organized work environment, adhering to best practices for workplace safety and efficiency.
- Strictly comply with all safety protocols, company policies, and regulatory requirements, fostering a culture of safety and operational excellence.

### ***Qualifications***

- High school diploma or equivalent
- 3+ years experience operating wide format equipment in a printing or manufacturing environment preferred
- Strong mechanical aptitude and ability to troubleshoot technical issues
- Detail-oriented with excellent attention to accuracy and quality
- Ability to work independently as well as part of a team in a fast-paced environment
- Willingness to learn and adapt to new technologies and processes

### ***Working Conditions & Physical Requirements***

This is a production environment position that may require the ability to work flex hours to meet company needs and schedule requirements. While performing the duties of this job, employee is occasionally exposed to moving mechanical parts, fumes and airborne particles, toxic or caustic chemicals, loud noises, and vibration. Employees in this position may be advised or required to utilize personal protective equipment including but not limited to: ear protection, eye protection, foot protection, lifting equipment, and protective smocks.

Physical requirements include walking, standing, sitting and must have the ability to lift approximately 50 pounds.

O'Neil Printing offers excellent benefits including:

- Comprehensive health, dental and vision benefits
- Paid Time Off
- ESOP (Employee-Owned Stock Program)
- Training and Development
- 401K Plan
